

Naomoto Warranty

Irons:

- 1) Manufactured/Defective parts are covered under Naomoto warranty (12 months)
- 2) Labor is covered under warranty (6 months)
- 3) Replacement of complete iron will be made if there is a defect with the iron on start-up. Once the iron is in service, the warranty covers repair of the iron, not the replacement.
- 4) Warranty does not include problems incurred from misuse or mishandling of iron.
- 5) Warranty does not include normal "wear and tear" iron parts. (Example: plunger and plunger spring)
- 6) Irons must be maintained and cleaned per instructions enclosed with iron.
- 7) Irons returned for warranty that are clogged due to poor maintenance will be charged for repair.
- 8) All irons are subject to inspection before replacement or repair is given.

Hoses:

- 1) Hoses are covered under warranty for 90 days.
- 2) Replacements will only be given for manufactured defects.
- 3) Hoses will not be replaced for abrasions or sharp bends to hoses.

Prior to Return: An authorized number must be issued by Naomoto
