

WHERE TO FIND MAKE AND MODEL NUMBERS

LOCATING MODEL NUMBERS

For the proper fit of your pads and covers, know the make and model number of your machine.

MANUFACTURER	MAKE AND MODEL NUMBER LOCATION:
AJAX/AMERICAN	Located on the right hand side of the frame behind and under the pressing table.
AJAX/ALLIANCE	Located on the left hand side inside the press head support bar.
CISSELL	Dry Cleaning Press - located on the right hand side of the frame under the pressing table Pant Toppers - located on the top left hand side on the press Form Finishers - located at the bottom in the back on the machine base.
FORENTA/FORSE	Located on the right hand side of the press below the press table. The model number is found in the serial number. For example: <div style="text-align: center; margin-top: 10px;"> <p style="margin: 0;">M 6 FGR 405 78 042</p> <p style="margin: 0;">Month Manufactured Serial Number Year Manufactured</p> <p style="margin: 0;">Model Number is 42FGR</p> </div>
HOFFMAN	Located on the right hand side of the press behind press table.
SANKOSHA	Located on the front of the press in large numbers and letters.
UNIPRESS	Shirt Body Units - located on the front top corner. All Other Presses - located on right hand side of press under pressing table.

If you cannot find the model number on a laydown press, please provide measurements. Provide length, from tip to tip, and the width at the widest and narrowest ends. See diagram to the left. *Specify if your measurements are for the top or bottom of the machine.*
